Board of Management – Agreed Report April/May 2026

All-weather pitch development

The board inspected the pitch and discussed the progress of the project. The final stage will involve installing the shock pad, artificial grass and netting. These works are expected to conclude by 19th June.

Autism classroom development

Plans have been drawn up to reconfigure the existing autism classroom (Room 24) and the library as a single integrated classroom space with a built-in toilet/shower facility and a quiet space. The plan would also involve the creation of an outdoor play space accessible from the classroom. The architect involved has prepared a submission for the Department of Education and Youth (DEY) containing plans and quotations from multiple contractors. A proposal was submitted to the DEY on 29th April 2026 and the board is awaiting a response.

Erasmus+ programme

- The group from St Kevin's NS had a successful and enjoyable trip to Gijón, Spain earlier in April.
- Five pupils from Colegio Corazón de María travelled to Greystones in early May and stayed with the host families from St Kevin's. Social, cultural and educational activities were arranged for the visiting pupils and their teachers.
- St Kevin's NS has been selected for funding of €9,121 by the European Commission under the Erasmus+ Programme. It is intended that a similar project will take place with Colegio Corazón de María during the 2026-2027 school year.

Parents Association

- The annual table quiz took place on Friday, 17th April and was a very enjoyable evening. A total sum of €7,471 was raised.
- The PA will recently supported the First Holy Communion and Confirmation events, providing refreshments after both Masses. The PA will also be supporting the school at the junior infants welcome day in early June.
- The latest Bottle Rocket collection for cans and bottles took place during Fáilte Friday on Friday, 1st May. The funds raised will support the purchase of an defibrillator for the school.
- The board expressed its thanks to all members of the PA for their support over the past school year. In addition to their Trojan efforts in fundraising to enable the delivery of our new pitch, the PA continues to add to the sense of community that permeates our school and its work.

Events

- The annual Sponsored Walk will take place on Friday, 5th June. The board thanks all parent volunteers in advance and would like to note its appreciation for all donations towards this fundraiser.
- The sixth class graduation ceremony will take place on Thursday, 25th June at 7.30pm. It will feature a Samba drumming performance by the graduating pupils led by Kieran Gallagher of Kada Kaboom Arts.

Next board meeting date: Tuesday, 16th June 2026
